

**FY2007 Conservation Innovation Grant  
Declaration of EQIP Eligibility**

**Bacteria Runoff BMPs for Intensive Beef Cattle Operations**

The proposed project will not work directly with EQIP eligible producers; however, the results of this demonstration will be provided to livestock producers throughout the Brazos Valley of central, Texas. Within Brazos County alone, there are approximately 1000 cattle farms according to the 2002 Census of Agriculture – County Data all potentially eligible for EQIP.
